## THE DISTRIBUTION OF I-RIDE REVENUES: 2015 LOCAL ALLOTMENTS

### ILEPI Economic Commentary #17

#### INTRODUCTION

This ILEPI Economic Commentary provides projected local allotments for I-RIDE funds if the policy was already in place this year. The Illinois Road Improvement and Drive Enhancement (I-RIDE) program is a policy proposed by the Illinois Economic Policy Institute and the Indiana, Illinois, Iowa Foundation for Fair Contracting. This document accompanies Version 2.0 of the report, which was also released on April 24, 2015 (Manzo & Poulos, 2015).

Note that revenues are displayed for all municipalities, including villages, cities, townships, and counties. I-RIDE revenues are project using the “Full Capacity” rates: 4.0 cents per mile for passenger vehicles and single unit trucks, 4.5 cents per mile for buses, and 5.0 cents per mile for multiple unit trucks.
